

## Researcher Exchange Proposal

Institutions: UNIPD – University of Padua  
UvA – University of Amsterdam

**Objective:** Work on exploring how to integrate new evaluation methods in the evaluation infrastructure

**Description:** UNIPD is responsible for WP3 – Evaluation Infrastructure – and UvA is responsible for WP4 – Evaluation Metrics and Methodologies. Both work in Task 3.2 – Specification of the Evaluation Infrastructure Architecture – and Task 3.3 – Development of the Evaluation Infrastructure.

There is a need to explore and understand how the work carried out in WP4 can provide requirements for the specification of the evaluation infrastructure, how this work can be integrated in the evaluation infrastructure and which functionalities are needed to support this work.

The exchange will provide the opportunity to start discussing how to carry out these joint activities and take the first steps in this direction, also with a view to stimulating take-up by new and future evaluation initiatives.

Parameters of the exchange:

Nicola Ferro/UNIPD visits Maarten de Rijke/UvA for three/five days from 4 to 8 July 2011.
